

# Customer Reference Story: Svtronics, Inc

---

## → **Client**

Svtronics, Inc located in Plano, TX United States

## → **Program**

Remote or Virtual Trade Management Services

## → **Services Need**

We needed someone to monitor our export and ensure they were being exported according to U.S. regulations.

Training of our staff on import/export procedures.

Export Licensing and Import Licensing.

Annual Reporting Requirements required by law.

Classification of our products and assistance to our customers with importing our product.

## → **We Provided**

Outsource Trade Group was able to provide all the above services, from their remote location quickly, effectively and efficiently. We were still able to communicate through phone, weekly reports that they provided, the online client database they provide and video conferencing

## → **Result**

Excellent results. We are able to stay compliant with international trade regulations, export our products without the bureaucratic hold-ups and avoid the exuberant cost of a full-time person or staff of trade professionals
